

Moving up to Year 7

Year 6 parents and pupils are free to apply to any secondary school of their choice. However, a majority of our year 6 pupils will continue their education at [The Helena Romanes School and 6th Form Centre](#).

We work closely with HRS and all other chosen secondary schools, to ensure a smooth transition into year 7 for our pupils. Induction days for year 6 are held in the summer term and details of these dates will be provided by the school your child is due to attend. We encourage all our year 6's to attend their relevant induction days.

In the early autumn term, before your child is due to transfer, application procedures will be sent direct from Essex County Council. Also included in this information are details of the procedures for entering your child for selection tests should you wish to apply for one of the selective secondary schools. If you do not receive your application pack please contact Essex County Council direct on 0845 603 2200.

All secondary schools hold open days/evenings in the autumn term, which are advertised by the individual schools.

In addition to this, year 5 are offered a taster day at HRS every summer term, which is arranged between the academy and HRS.
